Department of Chemical and Process Engineering offers Research Project during semester 7 and semester 8 as continued Module. However, code approved by the senate meeting no 458 on 22nd August 2017 for the Research Project has been previously allocated for different module.

Please make necessary actions to change the code number as follows:

Module number approved: CH4730 Research Project

New Proposed Number: CH 4750 Research Project

Effective batch: From 2014 batch

Thanking You

Shantha Walpalage
