University of Moratuwa.

7/9/2018

Dear Sir,

Requesting to do the following semester 2 modules as first attempt

I entered the University of Moratuwa in 2013 and I was selected to follow the material science and engineering stream.

I had been taking medical treatment for depression and social phobia as identified by Dr.Neil Fernando, since July 2013. I attended semester 2 lectures with difficulty and sat for the semester 2 examination with 2014 batch in January 2016. When the results were released I have failed to pass few subjects due to the fact that I was medically unfit for the studies. Considering the above facts, I would like to request you to allow me to do the following subjects as first attempt. Required medical documents are attached herewith. Thank you very much for your time and consideration.

Subjects

1. Introduction to psychology- (DE 2240)
2. Methods of Mathematics- (MA 1023)
3. Engineering Drawing & Computer Aided Modelling- (ME 1090)
4. Principles of Materials Science & Engineering 1- (MT 1032)

Yours sincerely

G.D.V.M Samarakkody (120557G)

 CONSULTANT PSYCHIATRIST

10.1 AUG 2018

To whom it may Concern

This is to certify that I have treated Mr. G.D.V.M. Samarakkody for Social Phobia and depression since July 2013.

He was treated by me at National Institute of Mental Health and in the private sector at Norris Clinic Colombo (10).

In my opinion he was not medically fit during the period from January 2017 to May 2018.

He has responded to treatment and now is fit to resume his academic work.
